Friends Welcome New Library Director

The Friends are happy to welcome our new Library Director, Diane Lapierre. Diane is a Loveland native who has spent more than two decades moving to the top level of Denver Public Library's administrative ranks. She says her memories of growing up in Loveland include "checking out as many books as I could carry down the stairs" of the old Sixth Street library. Diane will assume her new duties **June 5**.

Diane is currently the Denver Public Library's Director of Community Relations, coordinating outreach, marketing, fundraising and public relations activities for all the library system's 26 locations. Her 22-year career at the Denver Public Library includes a term as the library's Director of Strategic Initiatives, managing a "cluster" of three large branches of the Denver system and serving as Senior Branch Librarian.

"We think Diane has all the attributes we seek to raise our outstanding library to an even higher level," Assistant City Manager Rod Wensing said. "We're also proud to be able to bring a Loveland native home to serve in this important leadership position."

Friends Welcome New Library Director

(Continued from p. 1)

Diane will become the sixth director in the Loveland Public Library's 112-year history. She succeeds former library director Marcia Lewis who retired this month ending her 34-year career with the library, including five years in her tenure as director.

Diane holds a Bachelor's degree in Art History from Pomona College and a Master's degree in Library and Information Science from the University of Wisconsin. Welcome Diane!!*

Spring Used Book Sale Success!

Once again, our biannual book sale was a great success. Sincere thanks go to the countless volunteers who work year-round to sort the thousands of books that make their way to the sale. And thanks are also due to our volunteers who work the sale itself. But as much as those folks enjoy what they do, their efforts would be for naught if it weren't for the book-lovers who contribute simply by shopping with us. So to all who played any part in this latest event: You truly are appreciated!

Profits from this spring's sale provide yet another sizable donation to our library and its amazing programs. Such success affirms that we need to keep doing this. But we need your help. Volunteers are always welcome at the Sorting Place and at the sale. This year we also have an opening for a publicity chairperson. For details about this position, please inquire through the Friends website – www.friendsofthelovelandlibrary.org. We would love to talk with you!

Bricks Are Back

The Friends of the Loveland Public Library are once again inviting area residents to leave their mark on the library with a brick that will be permanently installed on the east side patio area. Soon all Friends' members will received a mailing with details about the brick project. **We need your help. We need you to support the project by not only ordering a brick, but also by promoting it to your relatives, friends and neighbors.**

Each brick will be engraved with a personalized message and become a tangible representation of both individual and community support of one of Loveland's greatest community assets - our library.

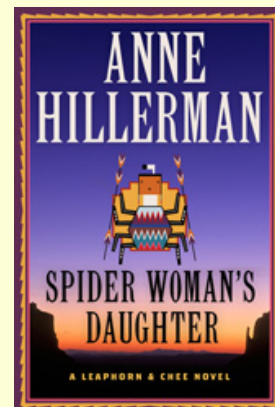

Inscriptions can honor a loved one, mark an event or special occasion, share a quotation or advertise a business. Funds raised from the sale of the bricks will directly benefit library programs such as the Summer Reading Program, the Kevin Cook Nature Series, the library's no-cost computer classes and many more.

Orders for personalized bricks are being accepted now. The deadline to order is June 30 and the cost of personalized bricks starts at \$75. Some tax deductions are available on the cost of the bricks. Check your mail and the Friends' website for more information or contact Kinga Kissling at 970-308-6448

Survivor Programs

Reflections on Surviving the Holocaust with Jack Adler - The library invites you to listen to Jack Adler as he shares his story of struggle and survival during the Holocaust. Adler uses his story to talk about the causes of anti-Semitism and the historic and future impact of hate on common people. Despite his struggles, Adler is a firm believer in the golden rule and that respect is the key to peace. Jack Adler was born in Pabianice, Poland in 1929. In 1939, the Nazis invaded Poland and established Jewish ghettos where Jack and his family were forced to live for years before being liquidated. Those who survived were sent to concentration camps. In 1945, Jack was liberated by American soldiers while on the Dachau Death March. All of his family perished at the hands of the Nazis. An orphan of the Holocaust, Jack left Poland in 1946 to settle in Skokie, Illinois. This program is sponsored by the Friends of the Loveland Public Library. Gertrude Scott Room. Saturday, **June 10**, 10 a.m. No registration required. 962-2402

Surviving Skokie: Not Here, Not Now, Not Ever Again - After listening to Jack Adler talk about his experience surviving the holocaust, join us at the museum to find out about how he handled the 1970s Neo-Nazi march in his adopted home of Skokie, IL. Take the afternoon to watch the documentary *Surviving Skokie*.

The film examines the circumstances surrounding the attempted 1970's Neo-Nazi march in Skokie, Illinois and the impact on its large Holocaust survivor population as told through the eyes of Jack Adler and his son Eli. *Surviving Skokie* portrays the human cost of racism and bigotry and the heroism of those who speak out against intolerance in all its forms. This film was a selection for the Denver Film Festival in 2015 and several other film festivals as well. The film will be shown in the Foote Gallery at the Loveland Museum and Gallery at 503 N. Lincoln Avenue. Saturday, **June 10**, 1 - 4 p.m. Sponsored by the Friends of the Loveland Public Library.
